

Developed with the busy Qualitative Researcher in mind, L&E's Client Portal is communications central for all your research projects at L&E. The Client Portal provides 24x7 secure online access to your project data, including up to the minute access to recruiting status—everything you need to stay on top of your project.

Access to the Client Portal is provided for all of your projects at L&E. Ask your Client Relationship Manager or Project Manager for a demo today!

L&E CLIENT PORTAL FEATURES

- » Access all your current and past project information at L&E
- » View up to the minute recruiting status by study group and individual participant
- » Review recruits on hold as well as scheduled recruits
- » View real-time grid data and download it to a formatted Excel file
- » Share your projects with other members of your team
- » View participation status of recruits including pay and send, cancellation and no show status
- » Access L&E Video Streaming to view live or recorded video of your groups
